APPROVAL OF MINUTES: The minutes of the January 11, 2017 meeting were approved. Motion made by Nancy and seconded by Becky. Motion passes.

DISCUSSION: The D.A.'s office has not yet moved into their new building in Brockton but they think that it may happen sometime during the month of March. Last month's presentation on Bone Health and was very well attended and received. Dr. O'Neil, the speaker for bone health, is available to come back with a different topic. One of the topics available is medication management. We were also successful in setting up a panel presentation for today, for all of the representatives of SALT and TRIAD which include; Police, Fire, Sheriff's Dept., D.A.'s Office, Council on Aging and Visiting Nurse Associations. Each panelist will speak briefly about what they offer and how it relates to the Triad with questions and answers from the audience. The goal is to reacquaint our community with Triad and to get feedback as to what programs people would like to see offered.

We discussed ideas for the 2017 calendar. The Health Fair will be held on Tuesday, May 9th. We found out that Duxbury's will be held the following week on the 16th. We have ordered 200 lunches from Old Colony as there was a slight shortage last year with ordering 175 meals. Workshops and Vendor Contacts will be worked on in March. The Activities Coordinator that was responsible for setting up the Vendors has left her position. A replacement will be hired within the next month or so.

Kathleen Small, Social Work Intern talked about her plans for the March Triad Program. She is making contact with several companies and public safety about emergency devices/programs. We are still trying to confirm with the police. The overall schedule has now been confirmed through June of 2017. Kathleen also talked about the local CHNA and the various presentations given and networking opportunities with other professionals. Members of the SALT committee were interested in this group.
