The Board thanked Ms. Hood for her actions and presented her with a certificate recognizing her heroism.

Chief Tavares – Police Department Update – Chief Tavares appeared before the Board with Sgt. Brian Tingley to give an update on some of the activities of the Police Department over the past year. a tremendous asset. Sgt. Tingley said that it has been a long process to hire a social worker and the department is excited to have Ms. Cohen on board to assist with de-escalation, crisis management and finding resources for people in need of help.

Lynne Fidler said that she is proud and appreciative of the Marshfield Police Department. Stephen Darcy asked about criteria for the Neighborhood Scout rating. James Kilcoyne said that the Board has asked for monthly updates but have not received them. Mr. Westort said that demolition is 95% completed and framing and wiring are coming along. Mr. Westort said that his other facility in Rockland is now complete, so all of his resources will be focused on finishing the Marshfield location. Lynne Fidler said that the ZBA issued a special permit 2½ years ago, an extension of the special permit expired in May 2023 so they now have to reapply for the permit. Michael Maresco said that Mr. Westort came before the Select Board in 2018 and a host agreement was signed. Mr. Maresco said that Mr. Westort will now have to reapply to the ZBA and begin that process again, which could take 90 days or more. James Kilcoyne said that the other business that was approved at the same time has been operating for two years, and Mr. Westort does not seem close to opening. Mr. Kilcoyne said that he is disappointed that it has taken so long and feels that we are at the point where it might be time to cut ties rather than continuing to give further extensions. Lynne Fidler said that a lot of businesses faced challenges during covid and have been able to handle it and continue to operate. Ms. Fidler said that this particular project has been given a lot of time and she is not leaning toward being lenient in allowing more time to go by. Andrew Stewart, Building Commissioner, said that he and Michael Maresco inspected the property in December 2022 and said that they currently have active electrical and building permits but have not requested any inspections since December. Mike Westort said that he has already put over \$500,000 into the building and asked if he could have until the end of the year to get a certificate of occupancy. Andrew Stewart noted that one of the delays was due to a wall collapse that caused a legitimate construction delay. James Kilcoyne said that there were extenuating circumstances, but it has been 5 years. Mr. Kilcoyne said that this is not a pocket permit that you can hold onto while working on other projects and added that his biggest issue is with the lack of communication. Mr. Kilcoyne said the Board could
