Brian Stronach, Robert Reilly, and David Suffredini were all present for the role call vote to enter Executive Session. The meeting entered executive session at 6:02pm.

BR entered for the record an email from Geoff Douglass, Business Development-Shoreline Aviation, that stated "I confirmed this with both Beta Technologies and Eversource today 4/22/2022. The (3) charging systems will have their own dedicated meter. Beta technologies is paying for the electrical usage directly to the utility. Neither the town of Marshfield, nor Shoreline will be on the hook for any energy usage associated with the charging systems."
