Map PDF file created on 7/31/2023

Figure 1: A schematic diagram of the 16x16 sensor array layout. The array is a grid of 16 rows and 16 columns. Rows are labeled A16 to A1 on the left. Columns are labeled C01 to C16 at the top. A compass rose in the top right corner indicates North (N) is towards the top right. The layout shows a complex pattern of sensor locations, with some cells containing multiple sensor IDs (e.g., A16 C16 contains C20, C29, C30).

MAP SCALE:

A horizontal number line with tick marks at 50, 100, and 200. The word "Feet" is written below the line.

Map PDF file created on 7/31/2023

The figure displays a 16x16 grid map of the study area. The grid is labeled with letters A through P across the top and bottom, and numbers 1 through 16 along the left and right sides. A compass rose in the top right corner indicates North (N). The map shows various sampling points and station locations. Key features include:

- Sampling Points:** Represented by small black dots. Notable points are located at grid intersections such as B16, C16, D16, E16, F16, G16, H16, I16, J16, K16, L16, M16, N16, O16, and P16.
- Stations:** Represented by small black squares. Stations are located at grid intersections such as B16, C16, D16, E16, F16, G16, H16, I16, J16, K16, L16, M16, N16, O16, and P16.
- Other Symbols:** A large black arrow points from the top right towards the center of the grid. A small black square is located at grid intersection B16.
