

RECREATION TRAILS COMMITTEE MEETING MINUTES

MARSHFIELD TOWN HALL – Planning Board Room

The meeting was called to order at 7:10pm July 18, 2018

In Attendance: Linda Cincotti, Vicki McPherson, Keith Rice, Steve Goodhue

Absent: Roger Whidden, Ned Bangs, Brendan Coyne

Advisor: Greg Guimond

Guests: Eric Goodwin, Craig Valdez

OLD BUSINESS:

Update- map design- The committee reviewed and discussed the updated version of map design submitted by the Brenner Company. While there were changes that the committee approved, there were additional changes that needed to be made: on the RTC and Conservation logo, change the orange color of the “trail” to the light brown color of the bird and change the bird color to a light gray, the Town logo needs to be digitized for a clearer picture(possibly additional cost), the shape of the main property should more accurately follow shape of the property shape on the locus map, the color of the targeted property of the locus map should be green like the color of the main map, Maryland Street and it’s parking area needs to be shown on the map, the property lines of the targeted property on the main map should be thinner while the town boundary lines should remain thick as is, the name of each town should be on each side of the town line, the name of the main property should be black and the same font and size as was used for the Two Mile designation, the “wet lands” icons need to be much smaller and there needs to be many more icons in the area (you can look at usg maps to get an idea of what we request) the trail classification symbols (circles, squares and diamonds) on the main map need to be smaller and evenly spaced on all the trails, the photos should be bigger (5x4) and rectangular in shape(landscape) without any borders surrounding them, change the “you are here” symbol to a pin drop with numbers in the middle (1,2,3,4 etc.) use exiting colors for the pin drops and numbers, change the “you are here “ symbol in the Legend also, the Scout recognition at the bottom ,should be located under the Scout insignia.

Since several committee members were absent, the committee decided to table several key issues. These issues will be discussed at the next meeting.

The committee decided to table a discussion on the map signage fastener. Steve Goodhue updated the committee on the payments issued to the Brenner Company for work completed to date. The committee decided to table a discussion the spreadsheet that Steve constructed.

Update- Open Space Committee funding- tabled

Review subcommittee/ working group structure-tabled

Next meeting: August 1, 2018 at Marshfield Town Hall, Planning Board room @ 7PM

Adjournment: 8:20PM
