Mr. Costello answered that the percentage was determined by DESE with DPH guidance.

III. NEW BUSINESS

SC Policy BEDH-E – Public Comment Guidelines

Mrs. Brait asked her SC colleagues how Public Comment was handled in the past. Mr. Greer feels that the current policy is for guidance and supports her implementation of the policy. Mr. Costello added that the original policy stated 3 minutes and he believes the chair is doing well maintaining meeting order. Ms. Boyd agrees with the guidelines and suggested making them more prominent on the website. Supt. Granatino added that a website redesign is upcoming. Mrs. Campbell trusts the chair's opinion and agrees that each speaker should have the same amount of time available to speak. Mrs. Brait stated that 90 seconds might not have been enough time in some cases and will reassess at each meeting.

SC Policy BFDA – School Councils

As a 1st read, Mr. Greer discussed the July, 2020 vote to reserve a School Council seat for a person of color and adding the requirement to the SC policy. In addition, he proposed an additional seat for a member of the LGBTQ+ community at FBMS and MHS (could be filled by a student at MHS). He also requested adding a role to the School Councils to identify students' social emotion needs.

SC Policies IJOA & JJH – Field Trips/Overnight Travel

Supt. Granatino discussed day field trips that have restarted. Requests are expected for overnight and out-of-state trips with expectations that students will

follow rules of field trip location. Mrs. Brait stated that the regulations do not make sense that students do not have to wear masks at a school event (i.e. prom). Mr. Greer questioned a policy that students must wear masks at all school events. Supt. Granatino stated that he spoke to DESE specifically regarding the prom. Mrs. Brait reiterated that there are inconsistencies in DESE policies.
