Re: Norwell Road Street Improvement Plan

The following are the Department of Public Works comments on subject street Improvement Plan revised 2/25/2020.

- CB-3 is on top of the water line. The roadway should be shifted 3 to 4 feet to the Northeast to avoid conflict with the water line.
- Add a 20 foot stone transition section at sta. 4+78
- Correct lane width dimension on Roadway Section to 9.0'
- Show roadway patch in Norwell Road sta. 0+10 to 1+50.
