

Waterways Committee Meeting Agenda

Date: Wednesday, November 1, 2017

Location: Town Hall Room #2

Time: 7:00 pm

Agenda

1. Approval of the Minutes of the October 4, 2017 meeting
2. This will be an Open Forum for all stakeholders of the Green Harbor facility and infrastructure (anyone with an interest or concern with regard to piers, docks, ramps, floats, parking lot, etc). We are nearing some infrastructure repairs, and we hope to look into ways to improve usability of the area. We have heard some ideas about an ice machine, new unloading boom, dock re-configuration and pier rehabilitation. We would like input on any of these, and are hoping to hear other suggestions for maintaining and improving Green Harbor. All are welcome.
3. Harbormaster Report
4. New Business

Respectfully Submitted,

Michael J. McNamara
Chairman Marshfield Waterways Committee
