Marshfield Planning Board
870 Moraine Street
Marshfield, MA 02050

RE: Address: Birch Road (#83 Upland Road) — Street Improvement
Owner: 87 Jenny Street Trust

Dear Board Members:

On behalf of the owner, we hereby submit the revised Street Improvement Plan. The revisions are in response to comments from review consultant, Patrick G. Brennan, P.E. Revisions are as follows:

1. Soils testing was conducted in the location of the proposed subsurface infiltration system. Soils testing confirmed that there is greater than 4' of groundwater separation and soils consistent with the infiltration rate used in the stormwater design calculations. The soil logs have been added to the plan on sheet 3.
2. A drop inlet and detail has been added to the plan as requested.
3. The proposed swale along the westerly side of the road has been eliminated as requested.

If you have any questions please do not hesitate to call.

Sincerely,

GRADY CONSULTING, L.L.C.

Paul Seaberg
Project Manager
