Hi Brian,

Lot 6R is part of the Phase 1 CMP. As of July 2020, there was a small amount of mitigation funding outstanding. I followed up with VRT this morning to confirm if this has been deposited. When it has – and I would be happy to confirm - VRT will have addressed the mitigation requirements for all of Phase 1.

Hi Jesse,

I've been contacted by a prospective Applicant for Lot 6R. Were the mitigation requirements for this Lot already addressed by the Permit Holder?

Thanks,  
Brian
